

## UFC Grain Harvest Policy 2023

**\*Effective September 18th, 2023\***

**\*Subject to change without prior notice\***

**Open Store/Commercial storage** - Title of grain stays in farmer's name, can be loaded out.

- **NO MINIMUM** - \$0.06/ month storage fee, prorated daily

**Delayed Price Contract** - Title of grain moves to UFC, cannot be loaded out, cannot be applied to forward contract.

- **NO MINIMUM** - \$0.03/ month service fee, prorated daily

\*No free time.

\*\*Any grain left on open store for over one year will have a storage rate of \$0.07/month. Any grain left on Delayed Price over one year will have a fee of \$0.04/month.

---

### Corn

#### Moisture Limits:

- Open Store and Delayed price 14%
- Cash and Contract 15%

#### Corn Drying charges:

- \$0.055 per point of moisture

#### Shrink Factor:

- 1.4% per point of moisture

\*Moisture discounts and shrink will be calculated to each 1/10<sup>th</sup> of a point.

---

### Soybeans

#### Moisture Limits:

- Moisture discounts start at 13.1%. Soybean moisture discounts will be 1% of the price each .5 point of moisture over 13% to 14%. From 14% to 16% discounts will be 2% of the price each .5 point of moisture. From 16% to 18% discounts will be 3% of the price each .5 point of moisture or subject to rejection.

---

**\*There will be no averaging of grades for Corn or Soybeans**

---

#### Load Out Fee:

Any grain taken out of open storage will be charged a \$0.20/ bu. load out fee.

#### Custom Dried Corn:

- \$0.20 handle for custom dried corn.
- Custom Dried Corn must be loaded out in 5 days of storage fees will be assessed on those bushels from date of delivery.

**\*See Corn and Soybean discount schedules for full discount details\***
