PRE-SEASON DRYER SERVICE FORM

BILLING ACCOUNT NUMBER :	
BILLING NAME AND ADDRESS:	
DRYER LOCATION ADDRESS (if different than billing address):	
EMAIL: <i>Service confirmation email will be sent to the above email address.</i>	
CELL PHONE:	HOME PHONE:
Call before Technician arrives on site? Yes <input type="checkbox"/> No <input type="checkbox"/>	
TYPE OF DRYER: Kansun <input type="checkbox"/> GSI <input type="checkbox"/> Farm Fans <input type="checkbox"/>	
CONCERNS OR ADDITIONAL REPAIRS NEEDED	

GSI and Farm Fans: Complete check of dryer components, electrical connections, belts, bearings and metering rolls. Worn parts will be repaired or replaced. Dryers will be greased and test fired.

Kansun: Complete check of dryer components, change oil and filter and grease the unit. Worn parts will be repaired or replaced and the unit will be test fired. ***Burner covers will need to be replaced after they have cooled.***

Gas is needed to complete service for all drying systems. For the Technician's safety, all dryers will need to be **EMPTY and CLEAN.**
